Sinews of War are Removed from the Kremlin to an Interior Point.

[BY ATLANTIC CABLE AND A. P.]
LONDON, Nov. 27.—The revolutionaries have made a "rashly" failure of their attempt at administration, according to the Petrograd correspondent of the Morning Post, writing under the date of Saturday. He adds: "But behind or beyond all this apparently hopeless chaos the forces which made Russia an empire are not idle, and those who know Russian history understand perfectly well how matters will end. Even as I write the situation is becoming clear. The elections to the constituent assembly will take place, but the constituent assembly will not meet. The Bolshevik movement, whatever that movement may be, is already in a state of collapse. The Bolshevik movement, whatever that movement may be, is already in a state of collapse. GORGAS SELECTS SITE FOR MILITARY HOSPITAL.

Fox Hills, Staten Island, Announced as a Great Distributing Station.

[BY A. P. NIGHT WIRE.]
WASHINGTON, Nov. 27.—Surgeon-General Gorgas tonight announced the selection of Fox Hills, Staten Island, N. Y., as the site of a military receiving hospital from which wounded American soldiers will be distributed to the reconstruction and rehabilitation hospitals soon to be established. The institution, which will have a capacity of from 1500 to 2500 beds, will be located on an elevation overlooking the entrance to New York Harbor, near enough to the city to be accessible, but far enough to be safe. BRITISH CANADIANS, ENLIST OR BE DRAFTED.

[BY A. P. NIGHT WIRE.]
NEW YORK, Nov. 27.—A warning to British and Canadian residents in the United States that they cannot escape doing their duty while their fellow-citizens in Great Britain and Canada are being drafted for service and their neighbors in the United States who are citizens are being drafted here was issued tonight by Brig.-Gen. W. A. White, head of the British-Canadian recruiting mission in this country. The mission has established recruiting depots through the country. Gen. White said in a statement, "to give Britishers and Canadians an opportunity to volunteer for service through these depots. Some 13,000 men have been enlisted and sent forward to the British and Canadian armies."

RELENTLESS DRIVES ON THE WEST FRONT.

No Let-up During Winter—Byng Aims to Encircle the Foe.

[BY A. P. NIGHT WIRE.]
WASHINGTON, Nov. 27.—The British drive on Cambrai will be followed up relentlessly by similar offensives along the western front, in the opinion of officers familiar with what is in prospect in France. Authoritative announcement already has been made abroad that this winter would see no halt in operations and with the return of the British divisional commanders from observation tours in France it has become certain that the French and British armies will prosecute midwinter campaigns such as never before attempted. Secretary Baker said today that the returning officers would resume the personal direction of the training of their men. So far as known, there will be no general conference of the officers here, but it is quite likely that they will call on Mr. Baker and General Staff officers while en route to their posts. From these officers it is expected that officials will get graphic reports of the preparations being made for the continuous winter offensive. Already the Allied troops have found their way forward against more serious obstacles than they will encounter later when the cold has hardened the ground for the passage of troops and artillery.

GANG "MURDER LIST" DISCLOSED

Confession of One of Members Clears Mysteries.

Arrests Follow Story Told by "Ralph the Barber."

Attempt to Release Accused will Mean Serious Charges.

[BY A. P. NIGHT WIRE.]
NEW YORK, Nov. 27.—Confession that he had been implicated in twenty-three murders committed by "gangs" of which he was a member was made today by Ralph Danielle, also known as Ralph the Barber, according to Dist. Atty. Swann. Danielle was brought back from Reno, Nev. two months ago to answer an indictment charging the murder of a boy in Brooklyn. Danielle's statement, the District Attorney said, covered homicides in New York, Yonkers and Philadelphia. The prisoner said the victims were killed because they had incurred the enmity of "gangsters" calling themselves the Sicilians and Neapolitans. Swann said the murder of Giuseppe Gallucci, known as the Harlem gambling king, two years ago, was mentioned by Danielle. Detectives were sent to arrest men mentioned by Danielle and later Cleo and Vincent Morrell, brothers, and Nicholas Arza, said to be nephews of "Lupo the Wolf," now serving a forty-year term for counterfeiting, were brought into court and held in bonds of \$15,000 each. The District Attorney announced that any attempt to bail the men would result in charges of murder being preferred against them.

This was regarded as a serious menace six days ago, but, as each day has shown the Italian lines holding solid against repeated attacks, and their defenders ready even to take the aggressive against heavy odds, the feeling of gravity that then prevailed is changing to one of restored confidence and an unwavering determination, coupled with a spirit of buoyancy which ranks of the army and civilian life.

(BY A. P. NIGHT WIRE.)
SACRAMENTO (Cal.) Nov. 27.—Expenses accounts of members of local and district draft boards, including charges for taxicab hire, meals, per diem, transportation and other incidentals, in addition to the regular \$4 a day allowed under the regulations, will be referred to Washington for disposition. Adj. Gen. J. J. Borree announced today. These items are included in a number of the expense accounts sent to Gen. Borree by members of the boards, following his request that they be filed in time to enable him to forward to Washington by November 30, his report of the expense of the first draft in California. "I believe these men are entitled to every consideration because of their long and arduous service," Gen. Borree said, "but unnecessary expense accounts certainly will not meet with the approval of the government."
In one instance Gen. Borree pointed out a bill for taxicab hire, where taxicab and street cars were in competition. Another covered charges for transportation for one hour which visited other boards to confer on questions relating to the draft. No allowance was made by the government for expense of this character, Gen. Borree said.
California's pro rata cost for each man drafted was estimated at \$4.14 by Gen. Borree.

(BY A. P. NIGHT WIRE.)
OAKLAND (Cal.) Nov. 27.—Plans for the organization of men who have been exempted from war service into a vast machine for the production of a great Red Cross fund were initiated at a meeting last night of a number of the exempted men. Efforts will be made to have every exempted man in the country agree to contribute a stated amount each month to his local Red Cross branch. It is announced by Gen. W. F. Fisher, prime mover in the plan, that by the proposed contribution of \$1 a month each, the Oakland branch will benefit to the extent of \$9900 monthly.

THREE-DAY RODEO TO BE HELD AT BLYTHE.
PAVO VERDE VALLEY PRODUCES A BUMPER CROP OF LONG STAPLE COTTON.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
BLYTHE, Nov. 27.—The Riverside County Chamber of Commerce will hold its annual meeting Saturday, December 1, at which time a three-day rodeo will be staged, in which expert riders from the ranges and ranches of California, Arizona and New Mexico will compete. The rodeo will begin on Saturday morning and continue for three days. The rodeo has made a special rate for the occasion and Pullman sleepers leaving Los Angeles Friday evening will be provided for all desires to make the trip.
Pavo Verde Valley will produce a bumper crop of cotton this year. The estimate is 14,000 bales of both long and short staple cotton. The growers expect to realize \$250 a bale for the long staple and \$150 a bale for the short staple. The long staple represents a bale to the acre, while the short staple produces a bale to one-half acre. Southern producers of the long staple are in a big way, but California's production of soft, water and sun-bleached cotton has the advantage over other cotton-producing sections.

"THE TIMES" DAY BY DAY CIRCULATION GAINS.

There is no other city on the Pacific Coast in which one newspaper so completely outclasses its contemporaries in the quality of its home-delivered circulation as does The Times. The Times is not turned to by subscribers for momentary news, but is read regularly and believably by the rank and file. It is an essential to readers who desire to keep abreast of the world's affairs as it is to advertisers who desire maximum publicity at minimum cost.
The following figures show The Times' increase in circulation day by day for the week ending November 26, 1917, over the corresponding week in 1916:

Nov. 21, 1916. 68,490 Nov. 20, 1917. 71,539 11,049

KANSAS FEARS OIL-FIELD RAID.
Governor Asks Protection of Federal Troops.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
TOPEKA (Kan.) Nov. 27.—Gov. Campbell asked the government today to detail Federal troops stationed in the State to guard oil properties, mills and elevators. For some time, the oil operators have been expecting trouble from the I.W.W. The arrest of forty-two members of the organization by Federal and State officials last week has but temporarily allayed the fear of damage to oil properties. The I.W.W. headquarters recently sent out a bulletin announcing the Kansas oil fields were open territory and urging members of the order to go into the fields. The men arrested last week were all new comers. The arrests seemed to have stopped the "colonists" for the time being. The Governor has been receiving telegrams from oil men and millers for several days asking protection against possible bomb plots or damage to oil and flour producing properties. The Home Guards are useless, as there are no guns available and there are no military organizations except those of the government. The government is guarding all properties in Louisiana and Oklahoma, and the Governor urged detachments of soldiers be sent to all oil districts and to the mining centers of Kansas.

Attempts to Wreck Pipe Line at Eldorado Balked.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
ELDERADO (Kan.) Nov. 27.—An attempt to wreck the Prairie pipe line at Allen, five miles south of here, was frustrated by the night watchman, John Harmon. While making his rounds at 4:15 o'clock this morning, Harmon heard a noise in a nest of pipes connected with a series of 55,000-barrel tanks. When he flashed his light on the scene he was greeted with a shot which knocked the light from his hand, the bullet tearing the skin from one of his fingers. Harmon fired at the figures vaguely looming in the darkness and there was an exchange of bullets. The men were preparing to wreck the tanks and pipes. They dropped revolvers in escaping and one is believed to have been hit. Dynamite and a fuse was found ready for the explosion.

Very Cold Weather Reported in New York State, with Snow—Winter Tourists are Now Due.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
CHICAGO BUREAU OF THE TIMES, Nov. 27.—Southern California may expect an influx of winter tourists from the East very soon, as winter took a firm grip on that section today. Parts of New York report 16 deg. below zero. The Middle West also was colder today, and predictions are for much colder tomorrow. Rain or snow fell in all the West Central States and in four of the West Central States and in four of the West Central States.

YAKUS FIRE ON TRAIN WOUNDING FIFTEEN.

(BY A. P. NIGHT WIRE.)
NOGALIA (Ariz.) Nov. 27.—Four passengers, three of them women, and eleven Federal soldiers were wounded when a band of Yaqui Indians fired on a Southern Pacific de Mexico train near Lencho, about fifty miles south of Guaymas, Son. Sunday night, according to information reaching here tonight. The railroad company has reported the attack, has suspended traffic south from Guaymas temporarily.

TO CENTRALIZE ALL FOOD PURCHASES.
BUYING TO BE DONE UNDER DIRECTION OF NUMBER OF SPECIAL DIVISIONS.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Nov. 27.—Centralization in the food administration of all purchases of staple foodstuffs by the army and navy and by Allied and neutral buyers for the purpose of stabilizing prices and controlling supplies, was announced tonight by Food Administrator Hoover. The purchases will be handled by a newly-created division of coordination of purchases. The necessity for such an organization, said Mr. Hoover, "grows out of the governmental consolidation all over the world of the buying of certain commodities into such large units as to extend beyond the ability of any one manufacturer to supply, and the failure to co-ordinate which must affect price level and supplies to the civil population." Army and navy supplies will be handled by a committee representing the army, navy Federal Trade Commission and the food administration's division. Allied supplies by the various Allied purchasing agencies through the division, and neutral purchases by neutral agents, the War Trade Board and the food administration.

CENSORS TO INSPECT ALL COMMUNICATIONS.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Nov. 27.—Regulations to govern the transmission to or from the United States of communications not in the regular course of the mails will be issued within a few days under the Trading with the Enemy Act. Bills of lading and similar business documents probably will not be forbidden where destined to neutral countries, and commercial travelers and representatives of business concerns may carry in luggage letters relating strictly to their business. Most communications will be forced into mail channels to be subjected to censorship. Communications to enemy or ally of enemy countries are prohibited under license of the War Trade Board. The customs division of the treasury will have charge of the administration of the regulations.

ROMINGER PETITION.

Secretary of State Receives Lists from Nineteen Counties for Place on Ballot.

(BY A. P. NIGHT WIRE.)
SACRAMENTO, Nov. 27.—Initiative petitions to have the Rominger liquor regulation bill placed on the ballot at the State election in November, 1918, have been received at the office of the Secretary of State from nineteen counties in California. It was announced today that they had a total of 8784 signatures, with 4749 signatures headed the list. The petitions would prohibit saloons and prohibit the sale of beverages of high alcoholic content.

GIVEN MORE TIME.

Expiration Date for Camp Parcels Extended Until the Middle of December.

(BY A. P. NIGHT WIRE.)
NEW YORK, Nov. 27.—In order to enable Red Cross chapters to complete their shipments of Christmas packages for American soldiers and sailors in this country, the date of shipment of the gifts to camps has been postponed to December 15, it was announced today. December 1 was fixed as the limit on the packing of Red Cross gifts, but so many chapters are behind in their work through lack of funds, it was stated, that it was decided to have the packing continue until at least a day as possible. National headquarters decreed that no part of the Red Cross was to be used for Christmas packages, it was announced.

KANSAS FEARS OIL-FIELD RAID.
Governor Asks Protection of Federal Troops.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
TOPEKA (Kan.) Nov. 27.—Gov. Campbell asked the government today to detail Federal troops stationed in the State to guard oil properties, mills and elevators. For some time, the oil operators have been expecting trouble from the I.W.W. The arrest of forty-two members of the organization by Federal and State officials last week has but temporarily allayed the fear of damage to oil properties. The I.W.W. headquarters recently sent out a bulletin announcing the Kansas oil fields were open territory and urging members of the order to go into the fields. The men arrested last week were all new comers. The arrests seemed to have stopped the "colonists" for the time being. The Governor has been receiving telegrams from oil men and millers for several days asking protection against possible bomb plots or damage to oil and flour producing properties. The Home Guards are useless, as there are no guns available and there are no military organizations except those of the government. The government is guarding all properties in Louisiana and Oklahoma, and the Governor urged detachments of soldiers be sent to all oil districts and to the mining centers of Kansas.

Attempts to Wreck Pipe Line at Eldorado Balked.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
ELDERADO (Kan.) Nov. 27.—An attempt to wreck the Prairie pipe line at Allen, five miles south of here, was frustrated by the night watchman, John Harmon. While making his rounds at 4:15 o'clock this morning, Harmon heard a noise in a nest of pipes connected with a series of 55,000-barrel tanks. When he flashed his light on the scene he was greeted with a shot which knocked the light from his hand, the bullet tearing the skin from one of his fingers. Harmon fired at the figures vaguely looming in the darkness and there was an exchange of bullets. The men were preparing to wreck the tanks and pipes. They dropped revolvers in escaping and one is believed to have been hit. Dynamite and a fuse was found ready for the explosion.

WEATHER ELSEWHERE.

Very Cold Weather Reported in New York State, with Snow—Winter Tourists are Now Due.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)
CHICAGO BUREAU OF THE TIMES, Nov. 27.—Southern California may expect an influx of winter tourists from the East very soon, as winter took a firm grip on that section today. Parts of New York report 16 deg. below zero. The Middle West also was colder today, and predictions are for much colder tomorrow. Rain or snow fell in all the West Central States and in four of the West Central States and in four of the West Central States.

This image shows a vertical strip of a document, likely a page from a binder or folder. The strip is oriented vertically and features a series of circular punch holes along its right edge. The paper has a textured, slightly mottled appearance with some visible creases and discoloration. The punch holes are evenly spaced and appear to be made of a dark material, possibly metal or plastic. The overall image is in grayscale, emphasizing the textures and shapes of the document and the punch holes.

WALL STREET PRICES UP ON FAVORABLE NEWS. Uncertain Status of the Transportation System Makes Rails Heavy.

NEW YORK, Nov. 27.—The uncertain status of the transportation system resulting from the prospective pooling of the eastern railroads to meet war emergency again constituted the chief deterrent in today's stock market. High-grade rails were offered at extreme concessions of one to almost three points, their heaviness gradually provoking one-point to two-point reactions in prominent industrial.

General news of the day was rather favorable, railroad earnings taking a moderate turn for the better, money evolving further ease and live or Italian exchange making additional recovery from its recent acute depression.

Trading was restricted at all times, however, and mainly of protective origin, the buying chiefly observed in the relative activity and strength of the more speculative issues. Equipment and the war group were later inclined to throw off the inertia of rails, but rails were little more than tentative on United States Steel.

United States Steel steered an extremely narrow course between 98 and 97, rallying only a small fraction and finishing at a net loss of one and one-fourth points. Related stocks moved in the same irregular manner, most of the leaders recording lowest prices just before the close.

Some of the motor shares proved an exception to the general rule and shipbuilding and tobacco also hardened at times with copper and the leather and paper issues only a few of these gains were retained in more than slight measure.

FINANCIAL. STOCKS ACTIVE ON LOCAL EXCHANGE.

HEAVY VOLUME OF TRADING IS FEATURED BY ADVANCE IN THE METAL SHARES.

Tuesday's session of the Los Angeles Stock Exchange was one of the most active in years. Demand for all kinds of securities was heavy and the mining came in for the major portion of attention. Tom Reed and United Northern continued the features, the former climbing to \$1.25 in the morning and the latter touching a high mark of 14. Tom Reed opened at \$1.12 1/2, advanced to a high of 1.15, and then declined to 1.12 1/2 by the afternoon and closed strong at 1.17. Buying orders are reported to be heavy for this stock from Oatman and it is known that inside interests are purchasing all the stock that can be secured. The management states that the company stated yesterday that it expected the mine to be on a dividend-paying basis within another six months. He pointed out that if the company could lay aside its surplus of \$10,000, it could pay a dividend of \$1.00 a share, which would be a record for the company.

KNOCKOUT FOR LIQUOR SALES.

Police Commission Acts as City Council Waits.

Ban Sales if Men in Uniform are at Bar or Table.

Ask War Department's View on Harbor "Dry" Measure.

In the future no civilian can be served with an intoxicating drink in any saloon in Los Angeles if there is an American soldier, sailor or marine present, and no drinks can be served at a table or in a booth of a cafe if a man in service uniform is at the table or sitting in the booth.

Resolutions containing these drastic provisions were adopted yesterday by the Police Commission on the recommendation of Mayor Woodman. Revocation of the liquor license is the penalty for a violation of the resolutions.

Following are the resolutions: "Whereas, the United States has resolved that intoxicating liquors shall not be sold to men while in the uniform of the United States Army, Navy, Marine, and Air Force; and

"Whereas, there has been complaint that men in uniform are procuring intoxicating liquors through the agency of others; and

"Whereas, the Police Commission of the city of Los Angeles to enforce the regulations of the United States Army, Navy, and Air Force in so far as it may come within their province;

"Now, therefore, be it resolved: That no saloon, cafe, wholesale house, club or other place where intoxicating liquor is sold, shall sell or serve to any man in the uniform of the United States Army, Navy, Marine, or Air Force, or to any person while in company with such man in uniform, or in any booth, or at any table where such man in uniform may be;

"Any violation of this resolution, or any act that may be construed as a subterfuge to violate this resolution, shall be cause for the revocation of a license."

WIRE WASHINGTON.

With four members of the City Council opposed to the enactment of a "dry" liquor ordinance for the harbor, Mayor Woodman yesterday wired the War Department asking Washington for an official statement regarding the demand for the elimination of the saloons and the sale of liquor from the port district.

"If the War Department," said the Mayor, "replies that it is desirable that liquor be banished from San Pedro and Wilmington, it will certainly be done."

Military and naval men at the harbor are doing everything in their power to stop the sale of liquor, as shown by the fact that the Marine Corps, executive officer of the training station of the Naval Coast Defense Reserve, has established the most stringent guard in Southern California there and has a squad of men patrolling the district where saloons and rooming-houses are located.

Recently a raid was made on a rooming-house that made a practice of renting lockers to soldiers and sailors, who desire to change their uniforms for civilian clothes so they can get a drink.

GOVERNMENT OVER.

The proposed harbor liquor ordinance was completed yesterday by the City Attorney, but the Council had adjourned when the document was taken to the chamber. The City Attorney recommended that the measure be carefully considered, and that it not be adopted under an emergency clause.

It is the Council accepted the advice of the City Attorney, the measure cannot become a law until the first week in January. It will be laid over for one week, even if a majority of the members vote for it today, and then in the event it is finally adopted it will not become effective until thirty days after its publication.

TRAVELS ON HONOR.

Suspected Burglar Allowed to Go Home and Try to Prove He's Right.

George Ryan was made a "word of honor" man by Superior Judge McCormick when he released him upon his own recognizance with the understanding that he would return to his parents at Kansas City, Mo., without a guard. The young man was placed upon a Santa Fe train. His railroad and sleeper tickets were given to the conductors, with instructions that they keep an eye upon Ryan until they reached his old home town. Some time ago Ryan was arrested upon a suspected burglary charge. He was taken sick, and up to the time of his departure from the city, had been an inmate of the County Hospital. As the evidence against Ryan is said not to be conclusive, and in view of the fact that his friends and relatives promised to care for him if returned home, Judge McCormick decided it best to send him East.

RAILWAY WINS.

The combined damage suits of Litch T. Buck and Andrew Decker, on trial before Judge Wilbur, were determined by the jury in favor of the Pacific Electric yesterday. The plaintiffs asked \$40,000 damages to their land by reason of the alleged diversion of the waters of the San Gabriel River following the big storm of January, 1916. The company's bridge crosses the new San Gabriel River near Arroyo, and it was claimed that the piles were set at an angle and thereby directed the current of the river. The company denied responsibility for the damages to the ranch lands.

RED CROSS ACTIVITIES

Under the direction of Miss Mabel Haffner, pupils in the School for the Deaf gave a demonstration in Red Cross work and war cooking yesterday at the sixteenth-street school. Members of the Parent-Teacher Association of the school were guests of honor. Following the demonstration, Mrs. Charles Martin gave an address on Red Cross work.

Unusual interest in Red Cross work, and in all matters pertaining to the war, is being taken by the children under her instruction, Miss Haffner stated yesterday.

To Give Party.

The Virgil Intermediate school auxiliary will give a Red Cross card party Tuesday afternoon, December 4, in the school gymnasium. Mrs. S. Gish, mother of Lillian and Dorothy Gish, will be an honor guest. As she and her daughters have just returned from the battlefields of Europe she will have many interesting things to speak about. Hoovered dishes are to be a feature of the affair. Refreshments will be furnished with the dishes.

The committee in charge of the affair last week of R. M. Hartwell, H. C. Bowers, George Chambers, F. D. Fay, Charles Van Vorst, E. H. Nov, H. C. Williams, C. E. Craig, H. J. Martin, R. H. LIFE SENTENCE FOR STOLID MURDERER.

MAN WHO KILLED RAY CITY CHAUFFEUR THANKS COURT FOR JUSTICE.

Harry A. Gabriel was sentenced to life imprisonment yesterday by Superior Judge Willis. He was convicted last week of having lured Roy Shaw, a San Francisco chauffeur, to this city on the pretext that he wanted to buy his machine, and shot him to death while he slept in an adjoining room at the Hayward Hotel on the morning of the 15th of September, last.

Gabriel accepted the life sentence with the same stolid indifference that characterized his demeanor throughout his trial. It was with a cheery "Good morning," that he entered the courtroom from the "Bridge of Sighs," and it was with that same outward feeling that he said, when the court asked if there was any legal reason he could adduce that he should not be sentenced.

"I wish to thank the court for the justice shown me during the trial."

There was a momentary pause on the judge's part as he looked at the young and fashionably dressed defendant. Then he said slowly: "I am glad to hear that. Particularly so it is evident that you realize the court and jury endeavored to serve justice in a case guided by circumstantial evidence."

It was a half smile that Gabriel left the courtroom, to recross the "Bridge of Sighs" en route to San Quentin.

HAHN ADMITS ONE CHARGE AGAINST HIM.

The disbarment proceedings against E. H. Hahn, attorney, are set for trial in Judge Monroe's court December 22. Yesterday Hahn appeared before the court and denied two counts of the complaint and admitted the third. The latter charges him with using abusive language in making an argument, but Mr. Hahn pleaded justification.

He denied that he had advised a client to use violence on a police officer, or that he had induced a client to make a false affidavit.

EXHIBIT TO AID SOLDIERS' FUND.

Yuletide Committee's Affairs to Begin Tomorrow.

Big Number of Entertainment Features are Arranged.

Proceeds of Armory Dance will Help Buy Gifts.

With entertainment provided from a score of sources, the benefit exhibit of the National Defense Yuletide Committee, proceeds from which will go to the fund for sending Christmas boxes to Southern men in military service of the nation, will open in the Billy Sunday tabernacle, Twelfth street and Grand avenue, tomorrow night. The affair will last for three days, ending on Saturday night.

There are 12,000 men from Southern California which the committee is seeking to reach with Christmas gifts and hearty support, both morally and financially, in necessary. It is claimed that several of these articles will not spoil alcohol for bath or massage purposes, but it certainly does destroy its efficiency for drinking purposes in the case of those who would escape the \$1.20 a gallon whisky tax, and that is the reason behind the enactment of the law. It will be impossible to get any other alcohol even with the prescription of a physician.

Merchandise is being donated by the exhibitors for sale in the various booths which will be established at the exhibit. The money from the sale of the merchandise will be added to the fund.

In addition to the benefit at the Sunday tabernacle, benefit dances will be given at Armory Hall, Exposition Park, on Saturday night. A prominent feature of this dance will be the Coast Artillery Band, which will give a concert.

Among the entertainment features at the tabernacle will be an exhibit by the Armenian and Syrian colony of Los Angeles; entertainment provided by the Japanese Consul; the Kikie's surprise band; Madame Bernice Pasquell, in operatic selections, accompanied by a chorus of 300 voices; the Marine Band from the harbor; numbers of film actors, and Toto, the clown.

The Lynwood Company, developers of the new subdivision on Long Beach boulevard, Leslie R. Bowers of the Crawford-Saunders Airplane Company, with the latest appliances in military aviation; Boy Scouts of America, Coopers Piano Company, the Los Angeles police department, Frank Rahe, Barker Bros., E. TALKS SELF INTO JAIL.

Man is Held as a Deserter When He Holds a Conversation With Police Sergeant.

R. A. Swanson, 22 years old, last night talked himself into the City Jail, where he now is being held for the Federal authorities on the charge of being a deserter. Swanson, according to the police, made his appearance in the desk sergeant's office and started a casual conversation with Sergeant Smith and Officers Hudson and Mortenson, detailed there.

Smith, questioning on the part of the officers, whose experience demands a searching investigation into the person who came before them, soon revealed the fact that Swanson had been in the army, that he had been discharged, and that he was a deserter from the Sixty-second Infantry, having left the camp on October 21. He was held on that charge.

HAVE ENOUGH CLERKS.

The usual number of extra clerks to handle the Christmas mail will be required this year, but Postmaster Harrison Brown stated yesterday that more than enough names have already been secured, so it will be useless for any additional persons to apply for employment.

MAKE YOUR OWN ALCOHOL.

But as Formula Prescribes Lysol and Acids, Isn't Very Tasty.

Hereafter all alcohol sold, except denatured alcohol, says a notice sent yesterday by Collector of Internal Revenue Carter to druggists and other dealers, must be medicated by the person selling it, and under the law, the following ingredients must be used for the process of medication: carbolic acid, formaldehyde, bichloride of mercury, a combination of alum and formaldehyde, lysol and liquor cresolis. Besides, the container of such alcohol must be labeled "Poison."

It is claimed that several of these articles will not spoil alcohol for bath or massage purposes, but it certainly does destroy its efficiency for drinking purposes in the case of those who would escape the \$1.20 a gallon whisky tax, and that is the reason behind the enactment of the law. It will be impossible to get any other alcohol even with the prescription of a physician.

Merchandise is being donated by the exhibitors for sale in the various booths which will be established at the exhibit. The money from the sale of the merchandise will be added to the fund.

In addition to the benefit at the Sunday tabernacle, benefit dances will be given at Armory Hall, Exposition Park, on Saturday night. A prominent feature of this dance will be the Coast Artillery Band, which will give a concert.

Among the entertainment features at the tabernacle will be an exhibit by the Armenian and Syrian colony of Los Angeles; entertainment provided by the Japanese Consul; the Kikie's surprise band; Madame Bernice Pasquell, in operatic selections, accompanied by a chorus of 300 voices; the Marine Band from the harbor; numbers of film actors, and Toto, the clown.

TALKS SELF INTO JAIL.

Man is Held as a Deserter When He Holds a Conversation With Police Sergeant.

R. A. Swanson, 22 years old, last night talked himself into the City Jail, where he now is being held for the Federal authorities on the charge of being a deserter. Swanson, according to the police, made his appearance in the desk sergeant's office and started a casual conversation with Sergeant Smith and Officers Hudson and Mortenson, detailed there.

Smith, questioning on the part of the officers, whose experience demands a searching investigation into the person who came before them, soon revealed the fact that Swanson had been in the army, that he had been discharged, and that he was a deserter from the Sixty-second Infantry, having left the camp on October 21. He was held on that charge.

HAVE ENOUGH CLERKS.

The usual number of extra clerks to handle the Christmas mail will be required this year, but Postmaster Harrison Brown stated yesterday that more than enough names have already been secured, so it will be useless for any additional persons to apply for employment.
